3809: UTU-80515, Kerry Project

August 13, 2004

Mr. Sandy Nell
13171 S 3300 W
Riverton, UT 84065

Dear Mr. Nell:

This letter is to inform you that this office will be closing out your pending application to conduct bulk sampling under the Kerry Project (BLM File UTU-80515, DOGM File S/021/034). Through a telephone conversation with you on August 13, 2004, you stated that you had decided not to follow through with permitting and bonding the proposed project, and a recent inspection of the project area revealed that no surface disturbing activity in excess of casual use has occurred in the project area.

Accordingly, we are closing out our file for this project, effective immediately. You are reminded that any future surface disturbing activity at this site, in excess of casual-use activity, will require the submission of a new project notice and formal approval before surface disturbances may commence.

If you have any questions or concerns, please contact me directly at 435-865-3040.

Sincerely,

Ed Ginouves
Staff Mining Engineer
